Fiction

You might start
looking and see
nine cats one day.
That is a lot of
cats.

Keep looking and
you might see
more cats.

Look some more
and you might see
even more cats.

The cats could
look happy.

The cats could
look serious.

The cats could
look like they are
having fun.

You might see
lots of cats
everywhere you
look.

That is okay, if
you like cats.
